

MUSTANG

PROJECTOR MOUNT

New Product Alert!

MV-PROJSP-PRO

The MV-PROJSP-PRO allows for convenient and secure projector installation on ceilings requiring a 1.5 INCH NPT column. Designed with the price-conscious, time-restricted professional in mind, it can support projectors weighing up to 33 lbs. (or 15 kgs) and works with nearly all projector brands.

Features:

- Dimensions: 6" x 5" x 3"
- Quick disconnection for simple maintenance
- All mounting hardware included
- White powder coat finish also available
- OPTIONAL 1.5 INCH NPT COLUMN AND CEILING PLATE OPTIONS AVAILABLE
- Available in black or white

The Mustang PRO series of projector accessories provides installers with everything required for a commercial installation.

All components are 1.5" NPT compatible, allowing for both new and retrofit applications that have pre-existing 1.5" NPT piping installed in the ceiling.

All PRO series products are universal and fit most video projectors weighing less than 33 LBS. In addition, all Mustang PRO products are backed by our industry leading, 24/7 support service and a one-year replacement warranty.

MUSTANG

FALSE CEILING PLATE

MV-FCPA-W

The Mustang MV-FCPA-W is an 8" x 24" false ceiling plate adapter that will support 1.5" NPT threaded pipe for applications that have a drop/false ceiling. Designed with ease-of-installation in mind, the MV-FCPA-W includes two junction box knockouts that fit with a standard outlet box for a clean, safe installation. In addition, turnbuckles and metal-wire cables are included for added security.

Features:

- Adjustable pipe coupler slide for flexible positioning
- NPT 1.5" compatible
- Dual gang knockouts
- Hardware Included
