

MUSTANG

MV-TILT

Mustang's MV-TILT offers a secure easy installation with its two-piece design, strong, lightweight aluminum body, and tilt +/- 20 degrees for optimum viewing. Ideal for 10-30" flat panels the MV-TILT is the best simple tilt mount in its class.

The Mustang MV-TILT wall mount for small flat panel displays is designed to tilt +/- 20 degrees up and down for optimal viewing. With a profile of 3", this mount allows the flat panel to sit close to the wall. Its two-piece design allows for quick and easy installation. Just slide together and the pieces automatically lock securely into place. The MV-TILT is guaranteed to fit all small flat panels with VESA compliant mounting holes. With its sleek silver aluminum finish, ease of installation and ease of use, the MV-TILT is the best value in its class.
