The new SLIM series mounts are the perfect solution for today's installer whose customers demand not only a secure wall mounting solution but a clean, modern looking installation. With less than 1" of space separating the wall from the back of the flat panel display, the new series of MUSTANG SLIM SERIES mounts deliver.

Mustang's new SLIM series of ultra low profile wall mounts for LED and LCD displays is a revolution in wall mounting technology. With this new mounting solution, you can now hang your flat-panel display literally like a picture on any wall! A simple, three-piece design allows any television to be mounted quickly and securely. Additionally, it's wire-locking technology will keep the display protected against theft and tampering.
