

MUSTANG

MV-TILT2B

The Mustang MV-TILT2B is designed to be a sleek, sturdy, and secure solution for wall mounting your flat panel display. It provides lateral shift of the screen to compensate for off center wall studs as well as the added versatility of up to 15 degrees of tilt and lock adjustment. The MV-TILT2B is also a low profile mount, allowing you the beauty of your flat screen hanging on your wall without having the mount itself becoming a focal point. The simple design and VESA compatible mounting brackets allow for installation to be performed in minutes and will fit any display that conforms to industry standards.

DIMENSIONS:
20.67" x 8.86" x 2.95"
