MPCMD-S22V
Back to back landscape or portrait configuration with 200mm x 200mm VESA adapter. (150 lb per display).
MPCM-M44V
Single side landscape or portrait configuration with VESA adapter through 400mm x 400mm. (150 lb per display).
MPCMD-M44V
Back to back landscape or portrait configuration with VESA adapter through 400mm x 400mm. (150 lb per display).
MPCM-X86U
Single side landscape or portrait configuration with universal adapter through 800mm x 600mm. (150 lb per display).

MPCMD-X86U
Back to back landscape or portrait configuration with universal adapter through 800mm x 600mm. (150 lb per display).
Single-Pole Kits
MPCM-2M44V
(2 displays, single side)
Single pole system for 2 in-line displays in either landscape or portrait orientation with VESA interface up to 400mm x 400mm. (150 lb per display).

MPCMD-2M44V
(4 displays, 2 in-line, back to back)
Single pole system for 2 in-line displays back to back, in either landscape or portrait orientation with VESA interface up to 400mm x 400mm. (125 lb per display).
MPCM-2X86U
(2 displays, single side)
Single pole system for 2 in-line displays in either landscape or portrait orientation with universal adapter through 800mm x 600mm. (150 lb per display).

MPCMD-2X86U
(4 displays, 2 in-line, back to back)
Single pole system for 2 in-line displays back to back, in either landscape or portrait orientation with universal adapter through 800mm x 600mm. (125 lb per display).
MPCM-3M44V
(3 displays, single side)
Single pole system for 3 in-line displays in either landscape or portrait orientation with VESA interface up to 400mm x 400mm. (150 lb per display).
MPCMD-3M44V
(6 displays, 3 in-line, back to back)
Single pole system for 3 in-line displays back to back, in either landscape or portrait orientation with VESA interface up to 400mm x 400mm. (80 lb per display).

MUSTANG
PROFESSIONAL

Attribute	Value
Max mounting pattern	VESA 800x600mm, Universal 800x672mm
Orientation	landscape or portrait
Roll (side to side)	+/- 3°
Tilt	+15°/-0°
Drop length	select from E-Series or EA-Series
Height adjustment	1" increments
Mounting interface	1.5" NPT thread compatible
Construction	aluminum/high-grade cold rolled steel
Product finish	scratch resistant epoxy powder coat
Color	black
Model number (per display configuration)	MPCM-S22V, MPCM-S44V, MPCM-S86V, MPCMD-S22V, MPCMD-S44V, MPCMD-S86V
Model number (single-pole kits)	MPCM-2M44V, MPCM-2X86U, MPCM-3M44V, MPCMD-2M44V, MPCMD-2X86U, MPCMD-3M44V
Warranty	5 year limited

The most flexible and infinitely expandable system for installing menu boards or any in-line single side or back to back configuration for displays 32"-65" and larger. For ease of quoting your customer, prices are based on the number of displays to be mounted. Hang 2,3,10 or more displays in-line. You are limited only by the structure to which the system is attached. Includes all of the necessary components and hardware needed to complete the installation, including the Ceiling Adapter(s). Just add the required drop length of fixed or adjustable column (E-Series or EA-Series) to complete the solution.
